Let's automate!

UiPath Community Edition is free for individual developers, open source projects, academic research, education, and small professional teams. The Community Edition does not come with phone or email support. You can always check our [Video Tutorials](#), [User Guides](#), [Knowledge Base](#) or check out our [Community Forum](#). Read the [licensing terms here](#).

If you work in a large company, please [Start a Free Trial](#).

We look forward to welcoming you as part of our quickly growing number of successful UiPath users.

For individuals and small professional teams.

REQUEST COMMUNITY EDITION

4. It will send the confirmation to your email and also able to download exe by click below "here"

5. Open **UiPathStudioSetup.exe** and click on "Start Free"

6. Fill the Email address and click on **Activate** button

The image shows a screenshot of the UiPath Studio registration window. The window title is "UiPath Studio" and it features the UiPath logo in the top right corner. The main heading is "UiPath Registration" with the instruction "Please enter the registration information". There are two input fields: "Email Address" containing "curiosity@gmail.com" and "Device ID" containing "6D+f2Kz2BFUoIAGQ49p1". Below these fields are two radio button options: "Automatic activation (recommended)" which is selected, and "Manual activation (not available for Community Edition)". At the bottom, there are three buttons: "Help", "< Back", and "Activate". Red rectangular boxes highlight the email address field, the device ID field, and the "Activate" button.

7. It installed in your local machine and redirect the below screen as confirmation of activation.

Start Blank Project
